

Do I have to,
Demon Land?

Go
Goblin!

At the
edge
of the
world—

Take care
of the
heroes in
the south
of the
Myscohen
continent.

The
Demon
Lord
Boroma
commands
you.

Don't
be late
that.

And lately
there's a
trend of
heroes
quitting,
so there
aren't that
many, you
know?

I just got
rid of the
ones there
recently.

Don't you
know?
She's a
level 99
goblin.

Why is
the
Demon
Lord being
killed
down to?

Good!
Take
care!

Well
then,
I'm off.

Hi?

Hey!

I didn't
say I
wouldn't
do it.

We
can't
just
let
them
be.
I'm
leaving
you.

Seriously?

They say
she's just
as strong
as the
Demon
Lord

Wha..?

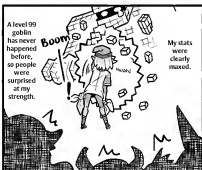

Clearing out fighters and mages below level 10 only gets me 1 gold a day from the demon army.

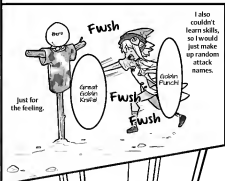

...The next hero I came across also happened to be near death.

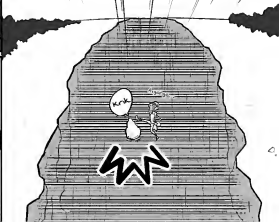

But I still had 0 MP.

I was
pretty
dumb.

Bwooom

Items from other worlds sell at a pretty high price

How about that bracelet?

Say, um, please let me...

If I get wiped out now, I won't even have enough to revive Granite (SOG).

I really don't have any money right now (SOG).

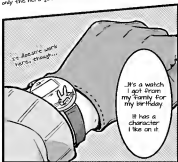

Adventurer Rule

Upon being wiped out, half your money is taken, and only the hero gets automatically revived.

I see

When I look at this, I feel like I'll definitely make it home

It doesn't work here, though...

It's a watch I got from my family for my birthday

It has a character I like on it

All right, breakfast is over

Let's battle

Gotta have guts

I can't do it that fast...

If you pawn it in the morning and come back with the money before the day is over, you can buy it back, you know

(Plus 100% interest!)
